

New Era Public School.

①

Class : 2nd

Subject : S.S.T

Sched Assignment of unit 3rd (2021)

L.no : 10

Topic : Direction.

Q. Answer the following questions :

1: How many main directions are there?
Name them.

Ans: There are four main directions.
East, west, North, and South.

2: How can we find four directions
by looking at the rising sun?

Ans: The direction that we are
facing while watching the rising
sun is East. So our backside will
be west. our right hand points to
the South and our left hand points
to the North.

This is how we can find direc-
tion while facing the rising sun.

3: Name the instrument used to find
direction?

Ans: The instrument used to find
direction is called a compass.

4: Name the four sub-directions.

Ans: The four sub-directions are north-east / North-west, South-east / South-west.

5: What is a map? How does it tell us the position of a place?

Ans: A map is a drawing of a place, a neighbourhood, a city or a country. The guidelines marked on the map help us to tell the position of a place.
