How I Spent My Last Summer Vacations

The Summer vacation is a big relief for students from the dull routine of studies. No getting up in the early morning, no books, no homework, no reading but to enjoy full vacations. It usually lasts for 10-15 days. It provides relaxation to the students to enjoy life apart from studies. Besides, July is one of the hottest months of the year in Kashmir so, the vacations provide protection against scorching heat.

During last Summer vacation, I got a chance to go to some beautiful places in Kashmir. It was a family trip. We along with our grandparents, uncles, aunts & cousins went to visit some beautiful places in Kashmir. We got up early and boarded a bus to Gulmarg where we enjoyed the Gondola ride. We also went to beautiful Mughal gardens where we enjoyed-

- a lot. Besides these spots we also went to Verinaag, Sonmarg etc. The scenery at the way was very beautiful.

During vacations the family got the time to understand each other's importance in their lives and ~~the~~ undoubtedly the importance of joint family too. became clear. Most of the time we learn certain values of life from our grandparents who took time to impart values in us.

This gave me immense joy to gain knowledge from our elders. In this way my whole vacations were gloomed with entertainment and enjoyment. Finally, we returned home and it was time to depart from the other members of family. I still remember these moments and cherish my memories.
